

TIDES AND DRIFTWOOD

SeaMist

OCEANFRONT RESORT

Decades ago the Sea Mist Resort, with its commitment to provide the very best experience to its guests, captured the hearts of visitors from around the world and became a vacation tradition. Now that same commitment is the catalyst behind a grand vision that will reshape the Myrtle Beach landscape.

The Tides and Driftwood is the first step of the largest oceanfront redevelopment project in South Carolina history and offers a unique and affordable ownership opportunity perfect for those who desire to own an oceanfront vacation retreat.

The planned amenities that will set the New Sea Mist Resort apart from all the rest include the area's largest resort water park, a commercial class fitness center, full-service spa & salon, beautifully landscaped outdoor social and dining venue, a major convention center, restaurants and specialty shops located throughout the entire property. All this and more is accessible to every owner and guest of the New Sea Mist Resort.

We invite you to join us in this unique ownership opportunity today.
